

As Friends We Make a Difference In...

Advocacy — Friends lobby on behalf of the Desert Outdoor Center at Lake Pleasant, greatly extending the reach and capabilities of staff.

Services — By assisting Park staff, we increase the enjoyment of thousands of visitors through our volunteer work in the daily operations.

Publicity — Our vocal and printed promotion of the Desert Outdoor Center will increase use of this 'modern facility' in a secluded area of the desert.

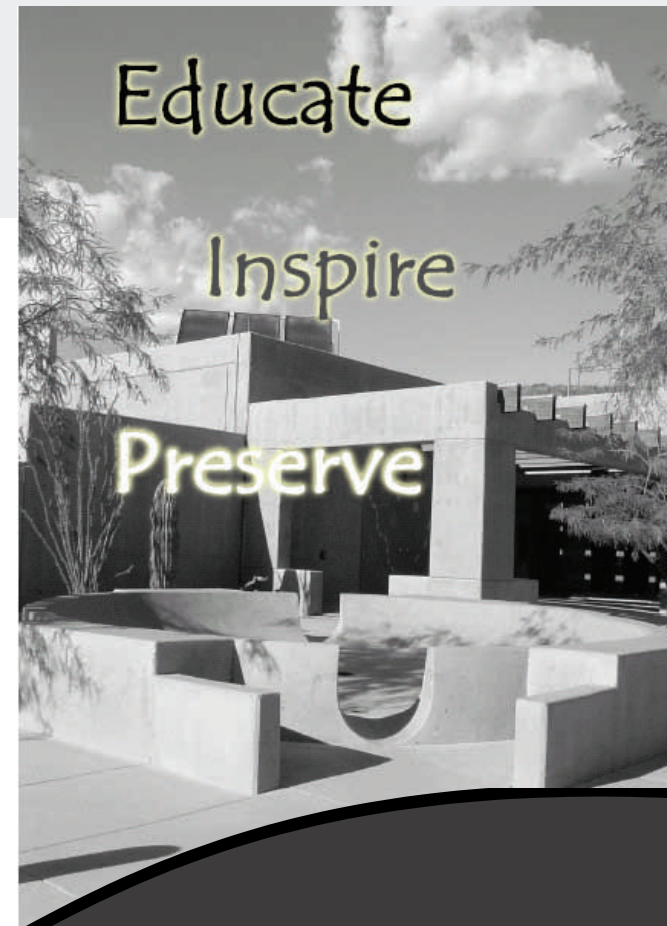

Public Relations — Friends are a voice in the communities where they live, creating awareness and interest in the Center.

Fund-raisers — Special events and programs sponsored by the Friends will create capital to augment the limited funds of the Park budget.
